# ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the Superintending School Committee and Citizens of the Town of Waterboro:

I submit for your consideration the annual report of the school department of the Town of Waterboro.

Registration in the elementary schools at the present time is as follows: South Waterboro, Grammar school, 26; Intermediate, 25; Primary, 24. East Waterboro, Grammar, 19; Primary, 12; Old Corner, 17; North Waterboro, 21. Total registration, 144. Number of persons between the ages of 5 and 21, according to last school census: Boys, 119; girls, 129; total, 249. Number of pupils completing elementary schools last June, 15; number completing high school, 8.

There have been five changes in teaching position. Miss Anna Cotton left the primary school at East Waterboro to take the grammar grades in the same school. Miss Evelyn Haley of Hollis is teaching in the primary school. A vacancy in the primary school at South Waterboro was filled by Mrs. Evelyn Cressey. Miss Helen Dunnells resigned at Old Corner, this position being filled by Miss Grace Whitney of Jonesboro. Mrs. Carleton Rollins was elected to fill assistant's position in the high school.

The schools are in good state of repair. It was found necessary during the Christmas recess to install a blower in the heating system at the East Waterboro School. This building has never been heated in a satisfactory manner until the pres-

ent time. We are now able to get much better results and find that less fuel is required. The pumping system at the South Waterboro School is inadequate and will need attention during the coming year.

There has been an excellent spirit of co-operation in the schools and work has gone on in a consistent and progressive manner.

I wish to express to the members of the Committee, the teachers and all those connected with the schools my appreciation of their loyalty and support during the past year.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools.

## REPORT OF HIGH SCHOOL.

To the Superintendent of Schools:

I have the honor to submit my fourth annual report as principal of the High School.

This report might well be a copy of a year ago as our problems, our aims and our needs are essentially the same.

We have the same condition of an ever-increasing enrollment as the registration this year is forty-eight, which is several more than a year ago. This fact was predicted in the last annual report of the school, and I feel sure that the enrollment next Fall will be still larger. It is safe to say that next September will find an entering class of such a number that the registration will be above fifty.

The seating capacity of the High School at the present time is forty-eight, therefore it will be necessary to install some more desks in the near future. There is space for another row

of desks in the room now occupied by the Juniors and Seniors. If another row is added to this room, some new blackboards would be needed across the front as those now in use would have to be discontinued.

More work has been done on the cleared piece back of the building, and the High School A. A. is raising money to be spent on the field in the Spring as soon as the frost is out of the ground. This cleared piece of land adds to the appearance of the school lot, as well as furnishing a convenient athletic field for the students.

The stable back of the building has been moved to a more suitable location, and we have hopes of raising money in some way to enable us to have it made a bit more attractive.

Having mentioned some of the material needs of the school I will report on what I consider the more important—Scholarship. The amount of work done, and the interest shown by the students is well up with the average of all High Schools. As in other schools, some of the students show a most commendable interest in their work, some of them fall in the average class, and some fall below. One cannot, however, always judge a student by the rank which he maintains. As much praise is due the student who tries hard and gets a B mark, as to the student who tries hard and gets an A. The abilty of the student should be taken into consideration, and also outside conditions and circumstances which may affect his work.

There is one fact concerning the student body this year which I call to your attention. Not one of the students who enrolled in September has left school. This may not seem so remarkable to those who are not well acquainted with school work, but I doubt if there are many schools in the State of Maine which can show the same condition. This fact alone shows a fine school spirit.

In closing my report, I wish to express my appreciation of the hearty support of the school officials and the townspeople during the past year.

Respectfully submitted,

ELMER S. MARSHALL,

Principal.

# DON'T TRUST THEIR HAPPINESS TO MAGIC!

DO YOU BELIEVE THAT THE NAMING OF AN INDIVIDUAL AS EXECUTOR UNDER YOUR WILL IMMEDIATELY RENDERS HIM IMMUNE TO SICKNESS, ACCIDENTS AND DEATH, AND EQUIPS HIM WITH THE ABILITY, EXPERIENCE AND UNDIVIDED INTEREST NECESSARY TO THE FUTURE WELFARE OF YOUR HEIRS?

UNLESS YOU BELIEVE IN SUCH MAGIC, HAVE YOUR LAWYER NAME THIS INSTITUTION YOUR EXECUTOR UNDER YOUR WILL AND THEREBY GAIN FOR THE PROTECTION OF YOUR LOVED ONES THE **CORPORATE** QUALIFICATIONS THE INDIVIDUAL EXECUTOR LACKS.
