In this vision of the future, fairgrounds are at the old water tower site, with old mill buildings refurbished and displaying livestock and arts and crafts. The townspeople gather for many different events at the fairgrounds including car shows and swap meets.

This is a perfect opportunity to become more invested, explore opportunities and offer your wisdom and talents on future planning and development activities. Members of the 20/20 Master Planning Committee and the Town Planner will be present to listen to and answer any questions that you may have. Mark your calendar and we'll see you soon.
