

Subject: Japan Relief Fundraising Efforts

HI -

I wanted to let you know that we are receiving many calls from schools, restaurants and businesses wanting to help. Some businesses are requesting donation cans to put out, the dance and arts community in Portland is doing fundraiser, just to name a few.

Hannaford stores are raising money for Japan - you can donate at the cash register or put money in their kiosk. It has started and will run through April 30 which is 7 weeks. Last time they raised \$54,000 in just a couple weeks, so 7 weeks is amazing.

Other donations from TD Bank and I just heard from Dave that LL Bean is also making sizeable donations.

On a national level, \$10 million from the Red Cross is going to the relief efforts.
