

**New Stop Sign Coming at Intersection of Ossipee Hill & Straw Mill Brook Roads  
October 9, 2015**

**Excessive speed, increased traffic, and poor visibility have created a dangerous situation at the intersection of Straw Mill Brook Road and Ossipee Hill Road. Consequently, the Town of Waterboro DPW is going to install a new stop sign on Ossipee Hill Road as you approach this intersection from East Waterboro. This stop sign will be in place on or around October 9, 2015. To prepare drivers for this change, our public works staff have placed an electronic sign just before the blind hill coming into this intersection....(see photo of sign if possible). Please be aware of this new traffic pattern and help spread the word via Facebook and other social media.**
