

WHY IS WATERBORO PUBLIC LIBRARY CLOSED?

Last week the new Code Enforcement Officer, Glenn Charette, visited the library and noted an odor somehow related to the septic system. Those of you who have been patrons over the years may recall that we have had an odor from time to time. It seemed like each time we tried to figure it out, it went away. Mr. Charette took it seriously, and he and the Town Administrator, Gary Lamb are looking into what is needed to eliminate the source. In addition, Mr. Charette saw some wall boards containing asbestos. We are pleased that this was discovered, so that it can be safely encapsulated before the library reopens. In the years since it became clear that we were not to have a new library any time soon, the town has invested in the library in numerous ways, so that it is a more comfortable and attractive place to work in and to visit.

So, while it is inconvenient for all of us for the library to be closed, we know it will be a better place for all when it reopens.

For further information about the re-opening, please check one of the following:

- Waterboro Public Library website - www.waterborolibrary.org
- Town of Waterboro website - www.waterboro-me.gov or www.waterboro-me.net
- Waterboro Public Library Facebook Page - www.facebook.com/WaterboroPublicLibrary

Thank you,
Ruth Blake, Library Director
Brigit McCallum, Trustee Chair

NOTICE: Free Wifi will continue to remain available from the parking lot even while the library is closed for repairs.

Dave Lowe, Waterboro I.T. Mgr.
