I hereby certify the above account to be correct.

B. H. HOYT, AUDITOR.

Waterboro, March 2, 1891.

REPORT

OF THE

SUPERVISOR OF SCHOOLS.

DISTRICT NO. 1—LUKE BEAN, AGENT.

Summer term taught by Rev. J. F. Lord of Waterboro. Visited this school once and was much pleased with the interest manifested by teacher and scholars. Mr. Lord's experience and interest in his school made this one of his most successful terms. His qualifications as one of our town teachers are too well known to need further report.

Winter term taught by George N. Brock of Waterboro. Visited this school once. Mr. Brock is one of our most successful teachers; he won the love and respect of his scholars and this insured a successful term.

DISTRICT NO. 3—MOSES J. EMERY, AGENT.

Summer term taught by Miss Lillian Fall of this town. Visited this school twice; was glad to note the interest shown by Miss Fall for the advancement of her scholars, and her love for the work promises well for her success as a teacher.

Fall term taught by Miss Julia I. Bean of Waterboro. Visited this school twice. This was Miss Bean's first school, but her energy and earnest efforts for the best good of her scholars, speaks well for her as one of our young teachers.

DISTRICT NO. 4—CHARLES PITTS, AGENT.

Summer term taught by Miss Eva C. Thyng of this district.

Miss Thyng is one of our young teachers, but her qualifications and earnest effort for the advancement of her scholars, made this her first school in town a success; the order and discipline was good.

Winter term taught by H. M. Littlefield of Waterboro. The scholars endeavored to make this a profitable term to themselves and a pleasant one to their teacher, and the closing examination showed to the visitors present what earnest effort will accomplish.

DISTRICT NO. 5—N. W. CARPENTER, AGENT.

Summer and Fall terms taught by Miss Cora B. Smith of Waterboro. Visited both terms at commencement and close. Miss Smith has had much experience as a teacher, is kind and pleasant in the school room, thus securing the confidence of her scholars; this school did good work while under her instruction.

DISTRICT NO. 6.—H. W. THOMPSON, AGENT.

Summer and Fall terms taught by Miss Lottie P. Bradford of Shapleigh. Visited this school three times. Miss Bradford is a systematic teacher and one who by her earnest labor and ability to instruct is sure of success. Was much pleased with this school, feeling it has been a profitable one to the scholars and reflects great credit on the efforts of their teacher.

DISTRICT NO. 7.—SAMUEL LEWIS, AGENT.

Summer and Fall terms taught by Miss Georgia A. Guilford of Hollis. Visited this school three times. Was pleased with the order and manner of instruction. The examination was satisfactory.

Winter term taught by Benj. F. Wentworth of Limington. This school is still in session. Visited it at the commencement. Mr. Wentworth's interest in his work promises a successful term.

DISTRICT NO. 9.—E. B. HANSON, AGENT.

This school has been under the instruction of Miss Imogene

R. Hamilton of Waterboro during the past year. Miss Hamilton is well known as one of our best teachers; and the advancement of this school while under her instruction shows the advantage of retaining the services of a good teacher for more than one term if possible.

DISTRICT NO. 10.—J. CHESLEY, AGENT.

Summer term taught by Miss Mary A. Wingate of Portland. Miss Wingate seemed to be well qualified for her position; but her experience in the graded schools of the city hardly fitted her for the hard labor which she found in this large ungraded school.

Fall and Winter terms taught by Fred Benson of Newfield. Mr. Benson's experience and his ability to govern, well fits him for the management of this school. Hard work and careful instruction has made this one of our best schools. Winter term still in session; have visited this school three times while under Mr. Benson's care, and am well satisfied that good work has been done.

DISTRICT NO. 12—FRANK ROBERTS, AGENT.

Summer term taught by Miss Minnie H. Nason of Lyman. Visited this school twice. This was Miss Nason's first school. She seemed to be kind and willing to aid her scholars and was well qualified to do so. Her order was not quite up to the average, but I trust this will be remedied by experience.

Winter term taught by Eugene G. Bagley of Waterboro. Visited this school twice. This was Mr. Bagley's first school, but his energy and ability to impart knowledge made this school a success. His order was excellent and the recitations prompt, showing hard work on the part of teacher and scholars.

DISTRICT NO. 14—C. I. CHADBOURN, AGENT.

Summer term taught by Miss Gertrude Foillett of Waterboro. This was Miss Foillett's first school; visited this school twice; her order was good, and the scholars in attendance seemed to have made good advancement.

Fall term taught by Miss Gertrude M. Chadbourn of Waterboro. This was Miss Chadbourn's first school; visited it twice. Miss Chadbourn labored hard for the advancement of her scholars; her manner in the school room is pleasant and kind; her order was good and her efforts met with the success they deserved.

DISTRICT NO. 16.—F. J. CHADBURN, AGENT.

Summer and winter terms taught by Mrs. Belle M. Littlefield of this town. Visited this school at commencement and close of each term. The prompt and cheerful obedience of the scholars to the slightest wish of their teacher, made the school the success which Mrs. Littlefield endeavored to make it.

In submitting this my second annual report of the schools of this town, I am much pleased to report the general improvement of the schools throughout our town. The care shown by our agents in securing good and competent teachers, and their adoption of the suggestion in our last year's report, of employing our town teachers as much as practicable, has helped to make our schools the success which I feel they have been with a very few exceptions.

The carrying into effect of the new law in relation to uniform text books has met a merited success. In selecting the series of books now in use in our town I have used my best judgment in securing those books which I feel are best adapted to the use of our schools, and the uniformity of the books makes it possible for the teachers to classify the schools in that way which will be for the best good of the scholars, thus making the teachers' labor lighter and the interest of the scholars greater.

When we realize that the future of our town will soon be in the hands of those who are now under the instruction of our public teachers, I feel the responsibility which rests on those who have charge of our schools, and feel that great care should be used in the selection of such teachers as will endeavor to impress on the minds of our youth an earnest desire for purity

of principles and morals, as well as a desire for excellence in scholarship.

I can only repeat my suggestion of last year, in regard to grading the school in district ten. I think if the parents in this district realized the benefit which would be derived from the grading of this school, they would make a united effort to bring about the change with as little delay as possible.

We need the help of the parents to make our schools a success; every effort should be made to interest the scholars in their studies at home, as well as at school, and our teachers should be encouraged in all their efforts for order and good discipline, for we cannot have good schools unless these are maintained; scholars should be made to attend school regularly when expedient, for every lesson missed is not only a loss to themselves, but makes the teachers' task harder. I would say to parents, visit your schools whenever you can, thus showing to teacher and scholars the interest which I know you feel.

I want to thank the teachers and scholars throughout the town for the kind and courteous reception which I have always met at their hands. I feel deeply interested in our schools and the methods employed for the education of our children, and earnestly desire that all efforts for their education in those things which shall best fit them for a useful and happy future, should meet with deserved success.

Respectfully submitted.

H. M. LITTLEFIELD, SUPERVISOR.

WHAT A CONTRAST!
