

Waterboro Cemetery Committee  
August 2014 Meeting Minutes  
Present: Donna Mayo, Angela McCoy and Mike DeAngelis  
Meeting started at 7 PM

1. Mike from Parks and Rec said he had received a phone call from Susan Scales regarding Wallace Cemetery off of the Bagley Rd. He went there with her to check on it and it was totally overgrown. He took a crew down there today and they cleared the way to the cemetery and cleared out around the stones. Josh will be going back Friday to finish it. Mike said they will take care of it for the remainder of the year, and would like to attend our fall meeting to help us with the budget so we can get more help from them and financially from the town.
2. Richard Anderson had wanted to volunteer as a work project, no one has heard back from him yet.
3. Donna is going to put an "Adopt a Cemetery" ad in the Smart Shopper and The Reporter.
4. Donna has made up a community service flyer for the high school to try to get help from high school students seeking community service hours. She will get it copied and into the school.
5. Our two new members have not shown up for the past two meetings. Donna will email them and see if they still want to remain active.
6. Went over the survey the state sent us. Donna will fill it out and get it mailed to them.
7. Angela is going to make up signs for other cemeteries in town like the Knights Cemetery sign. Donna suggested they be copied on bright fluorescent paper and covered in plastic and hung in the cemetery they are about to attract attention and possibly get them adopted. They can also be posted in local stores and online.
8. Angela will find out which cemetery the selectman was concerned with and get it cleaned up (Levi Thing?)
9. Donna and Angela will come up with a date and some volunteers to get into the Hamilton Cemetery and address Russ' concerns.
10. Discussed "Leaning and Cleaning" workshop. Donna also thought the cemetery behind the Town Hall would be a good choice. We went and checked it out. Angela will talk to Doug Foglio regarding the materials needed and write a proposal and fill out the application.

Meeting was adjourned at 8:01 PM.

The next meeting will be held on Monday, September 8 at 7PM.
