Eon Way:

There was a request from the Board of Selectmen for the Road Review Committee's recommendation of the acceptance of Eon Way as a town road. The Committee reviewed documents from the Committee in 2002 and agreed that Eon Way still meets town standards today. There was a motion by Jon and 2nd by Dustin and approved 6-0 recommending that the Board of Selectmen accept Eon Way as a low volume town way.

The Committee looked at a plan for Stonewall Estates for five driveways going out onto Ossipee Hill Road. The Committee agreed that there should be additional storm drainage. There was a question from the Code Enforcement Officer if the town should request an easement for future drainage and there was a suggestion that yes, especially if drainage is required by two cross culverts. The committee agreed they should meet at the site on Saturday September 22, 2007 at 8:00 AM to review the site

A motion was made by Jim and 2nd by Don and approved 6-0 to adjourn the meeting at 8:15 PM.

Respectfully Submitted,
Nancy Roberge, Committee Secretary
