The list of roads not in question were discussed. David suggested calling a special meeting in April with Patty Berry to discuss the roads.

Paul Kussman and Richard & Ruth Sevigny asked the Committee the future of Eon Way. They were informed that Eon Way is scheduled to be on the warrant for Town Meeting and it was recommended to them that they show up at Town Meeting and vote Eon Way in as a low volume town road.

David brought up the issue regarding stumps at the Transfer Station. The cost of grinding stumps is very expensive and the stumps from Star Hill Road are at the Transfer Station. Jon stated that the stumps from Star Hill Road were an unusual situation and usually the contractor takes care of the disposal of the stumps, not the town.

The next scheduled meeting will be May 14, 2008 at 7:00 PM
