

**Road Review Committee
Workshop
October 10, 2012**

Members present: Fred Fay, Doug Foglio and Committee Secretary, Nancy Roberge.

Not enough members present to have a meeting

Chairman Roger Macomber is not present due to being out of State.

Previously reported by the Road Commissioner Doug Foglio – The Following work was completed:

- Started 9/28/12: On the Ossipee Lake Boat Launch 28 boat ramp planks were removed and 58 were installed. Work was completed on 10/1/12.
- On 10/3/12 New Dam Road was paved by Dayton Sand & Gravel starting at the beginning of New Dam to Lynnwood Drive along with improvements previously recorded.
- On 10/3/12 Bradeen Drive (Formerly known as Emery Road) was paved by Dayton Sand & Gravel. Measurements to be supplied at later date.
- On 10/4/12 Strout Road (formerly known as Oak Street) the ditches were cleaned and 4-6" of 2" gravel was put down starting at Chadbourne Ridge Road and ending at Herb & Eddy's driveway. An 18" 4' culvert extension and 14" culvert extension was added, the road was widened by 4 ft.
- On 10/5/12 McLucas Road a 42" x 40' long end 12 culvert on the causeway was installed. 15" culvert was added. The hill was cut @ Gordon Littlefield's driveway 4 ft. Trees were cut. A 12" driveway culvert was installed @ Joy Blackburn's house and a 18" cross culvert was installed above Joey Blackburn's house. Two 15" driveway culvert was installed on the next 2 driveways. Erosion control grindings were laid on the slopes.
- On 10/9/12 Shouldering and ditching was done on Oak & Hemlock Streets.

Respectfully submitted;
Nancy Roberge,
Committee Secretary
