

SELECTMEN'S MINUTES

February 10, 1987

PRESENT: Chrm Andrew C Woodsome, Jr., Sel Robert Fay, Sel Dennis Abbott. Individual members listed as they were seen.

LAKE SHERBOURNE DAM:

Mr and Mrs Omer Desjarlais were asked to attend this evening to discuss the Dam Repair Project and their article for the '87 Town Meeting. Chrm Woodsome, Jr told the Desjarlais that they should be prepared for the Town Meeting. Mr Desjarlais said that they are going to bring all the information they have to the meeting. They want to still submit their 7,000.00 article to Town Meeting--no matter if the Nation Guards are going to help or not--the work must be done. Since Mr Desjarlais received the letter from the Guards he has made several phone calls to different National Guard Officers and feels the subject is not dead yet. They may still help.

Sel Abbott said that perhaps the issue of their help is not over, but the Board must go by the denial letter that was sent to them.

Sel Fay said that they should drum up all the support they can for the Town Meeting.

Mr Desjarlais said that all of his plans and blueprints for the dam have DEP approval.

Chrm Woodsome, Jr told the Desjarlais to keep the Board informed on any progress made with the Maine National Guards.

The Board talked of adding the water test notice to the License required by food operators to apply for.

This inspection was conducted as a result from a complaint received from a Mrs Clark to the DEP. The Town will be written up on iron rods that were left on the ground after a mattress was burned. After the inspection Mr Pelletier was going to drive out to the Motor Cross Landfill.

STREET LIGHT:

Ken Corthell questioned the Board if they could put a street light up at the intersection of Ossipee Hill Road Road and Knight Road near the Thompson's home.
