

SELECTMEN MEETING MINUTES
May 21, 1991

Regular meeting of the Waterboro Board of Selectmen.

PRESENT: Chm. Robert C. Fay, Dennis G. Abbott, John C. Monteith.

NEW BUSINEES:

DANA BLACKBURN: CEO Van Foglio and Dep CEO Tim Nelson was in to discuss installing telephones at the campground. Manny Santos would like to have a telephone installed into their trailer due to health problems. They had one last year but when they moved out last fall it was disconnected and to reconnect they need a permit from the Town. Van told the Board that the Town can't issue a temporary occupancy permit. Tim thought that the way it was left was that Dana was going to install a payphone for the campers to use. Can also run from the office building and bill to the campers by Dana. Chm. Fay suggested issuing temporay permits in April and have them disconnected by October 15th and Dana will have to get a list to the Town Office. Sel. Abbott suggested that from April 15th to October 15th and it is acceptable to Dana, telephones can be installed and any there as of Oct. 15th will not be issued next year, not issue a occupancy permit but should specify on the form issued that it has to be disconnected by October 15th. Tim will call the telephone company tommorrow. Dana will provide the Town Office a list of the people who have telephones in the campground.

The Board at this time adjourned to the Town Hall to conduct candidates night.
