From the start of the engineering plan to installation will be six months. Also discussed Mark Caldwell's remaining pay. The Board voted not to pay the balance due to Mark until all the work is done that is on the list. DOT will also be holding a grader school in the Town and will do 6-10 miles of roads free. Fred Fay will be meeting with them to set it up. August 5th is the startup date on the water system. Dwayne also went over the photocopier lease with the Board. Karen Lovell has reviewed the lease and there is no way the Town can get out of the lease without buying the rest of the time on the lease. American Business Systems has presented a proposal on two different machines. With the current lease, next month the Town will be starting to pay for extra copies. Dwayne will do more research on the copier and will check with Cutler Roberts to see what they could do. Bob Vermeulen has discussed with Dwayne the problem at the gate at the dump. Every day for the past week there has been trash dumped at the gate. The Board agrees to write a letter to the people who are dumping the trash to let them known that the next time any trash if found with their name in it, it will be turned over to the Sheriff's Dept. for littering. Dwayne also reported that the closing on Rose Lowe's property will be Friday.
