2. Willis Lord - Batchelder Bros. - Total annual premium proposed is \$19,034.

7:20 Don Holden and Guy Letellier from the Ossipee Lake Association were present to discuss the Ossipee Watershed Survey results. Guy states the report is complete and will be left with Selectmen, Planning Board, Road Commissioner, Road Review Committee, Code Enforcement, Project Groups, Library, and the school. Guy reports that a bond application for \$200,000 has been granted and there is a need for town assistance for engineering support for repairs and maintenance. Don states that a lot of financing won't be required since they just want to work with the Town Engineers and get help with permitting and easement issues. Dale requests a report be submitted for the Selectmen's review for next year's budget. Guy will get a report of investment hours involved to Patti, Fred Fay, and the Road Review Committee as quickly as possible.

7:35 Beth Cyr is present to ask for use of the Town Hall by Girl Scouts. The Monday night meeting has been a particular problem with disruption by committee members coming and going during scheduled Girl Scout meetings. Dale states that Town Government has grown and space available for town committees takes top priority. There is discussion at this time and suggestions for possible solutions such as rescheduling during off-peak hours, trying to find

other meeting locations. Brenda suggests Girl Scouts and town committees work together in adjusting their scheduling, with the committees starting a little later and the Girl Scouts backing up their meeting time slightly. Dale stresses the importance of working together and that advance notice will be needed if Girl Scout Meetings are going to run over, and that this should not be a regular occurrence. Patti will work with committees either through a memo or through notice on the January distribution of committee calendars.

8:00 Steve Foglio and Lisa Morse are present to discuss proposed new hours for the Code Enforcement Office. Willis asks how this schedule will better serve the public. Steve states that it would enable them to be open and have him available 4 days. He notes that the gaps in the current schedule do not provide efficient coverage. Lisa also notes that the proposed new hours will provide better coverage. Dale suggests accepting as proposed, changing Steve's days to being off on Monday, and in on Wednesday 9-2. Steve agrees. Dale motions to accept the New Code Enforcement hours.. Brenda seconds. Vote 3-0-0 in favor.

The new hours are as follows:

STEVE	Monday	Off
