APPOINTMENTS

7:04 - Selectman Foglio opened the Public Hearing for the renewal of a liquor license for Rogers Restaurant. Having no comment hearing was closed at 7:05 p.m. Motion by Willis and seconded by Eric to accept and sign the application from Rogers Restaurant for their liquor license renewal. Voted. Passed.

Can call 247-2956 and a member of the committee will call back everyone who leaves a message. Discussed the addition of a pool or auditorium, this would cost an additional \$1.5-\$2 million if they add an auditorium or a pool This money would come directly from the towns. The new school will cost each town approximately \$82,000 per year for 20 years if it comes in at \$18 million excluding the addition of a pool or an auditorium. Discussed possibly looking at other projects being constructed which have been designed by the same architect. Hope to open the new school September 2006. Have discussed connecting to town water. Stated that the state does not fund auditoriums, this would all have to come from local money.

The property owner had cut to many trees, will have to replant trees, this has a completion date and if not adhered to there will be fines. 7:45 - Mike DeAngelis requested that his department be allowed to advertise in the Waterboro Reporter of which his wife is President & Publisher. He understands that they probably want to wait and see how the paper does on its first issue which is coming out this week. Discussed the distribution of the paper. Stated that he will still advertise in the Smart Shopper as well. Doug stated that he would not sign the purchase order before only because two town employees are involved with the paper and he wanted to make sure the

information was given to the townspeople first regarding the employee participation. Will wait to see how the paper does.
